

Curriculum Vitae of the machine Reference number: 22040

KOMORI ENTHRON 429 Sheet-fed Offset Printing Machine

Manufacturer:	Komori Corporation, Tokyo, Japan
Production Year:	2013
Number of Colours:	4
Max. Size:	530x750 mm (20.9"x29.5") approx. B2
Max. Speed:	13000 imp./hour
Counter:	54 mil. imps.

Availability: immediately

Sale Reason: production reduction

Condition of the Machine: very good condition, well-maintained still in production

Disclaimer: The Condition of the Machine assessment presented in this CV was either obtained from the last machine operator or is based on an inspection performed by our employee, just to provide you with as much information as possible. For more certainty we recommend your own check or an assessment of an independent mechanic. We cannot provide you with any machine guarantee.

More Details:

Komorimatic alcohol dampening
Technotrans alpha.d refrigeration device
no perfecting
low pile delivery
ink and register remote control
semi-automatic plate loading
ink rollers, impression cylinders, blanket cylinders automatic wash up device
AP 110 powder sprayer
double-diameter impression and transfer cylinders
CIP 3
densitometer
side lay remote control
ionization in feeder
ultrasonic and mechanical double sheet detection
equipped for carton printing

Advantages of the Machine: economical solution for quality printing in small and medium offset printers, small built-up area
