

Curriculum Vitae of the machine Reference number: 23556

FUMAGALLI TRLA 1RC 1100 Longitudinal Slitter

SPECIAL OFFER

Production Year: 2015
Max. Size/Width: 1100 mm (43.3")

Availability: immediately

Sale Reason: surplus equipment sale

Condition of the Machine: very good condition, well maintained, worn out according to its age can be seen running

Disclaimer: The Condition of the Machine assessment presented in this CV was either obtained from the last machine operator or is based on an inspection performed by our employee, just to provide you with as much information as possible. For more certainty we recommend your own check or an assessment of an independent mechanic. We cannot provide you with any machine guarantee.

More Details:

working width maximum - 1100 mm
maximum diameter in unwinding - 1.200 mm
maximum diameter in rewinding -150 mm with automatic push off and 300 mm or manually push off
minimum rewound diameter - 35 mm with automatic push off or no limitation if removed by operator
minimum outside diameter of tubes -13 mm/maximum 36 mm
automatic fixing and no limitation if done in manual mode
minimum cutting width 25 mm
4 electronic single meter counters for warning mark start and stop any time
deceleration and stop automatic at end cycle
25 sets of knives shear type 15 mm wide
200 spacers in order to obtain the various size (n° 20 each of 0,25-0,5-2-3-4-5-6-7-8-9-20 mm.)
3+3+3+ rewinding mandrel included diameter 12-17-25 mm for standard cores
automatic push off rolls bar from winding station (only for rolls smaller than 150 mm. diameter
cut of device by trolley moving transversally the machine with possibility of automatic gluing by spray gun and glue tank under pressure
paper tension control by load cell system electronically operated that controls automatically
the pressure in a disc brake air cooled by air
