cooling rollers,
gas connection and distribution,
breaking device,
Strok Contiweb gas drying tunnel,
folding equipment to A5 size,
RIMA stacker,
Gämmerler cut RS 143/530

Availability: immediately

Sale Reason: closing company

Condition of the Machine: functional, complete
not in daily production
but can be seen running
at your request

The Last Operator's Opinion: main web offset in the
company,
complete, operable
condition,
now not in production
already

Machinery Europe's Opinion: it is hard to say
anything about the
condition of the machine
because one couldn't
see the machine in
production at the
moment
there is still a paper role
in the machine
out of production for
more than 1 year
already
the owner is ready
to make a reasonable
price

Disclaimer: The Condition of the
Machine assessment
presented in this CV was

either obtained from the last machine operator or is based on an inspection performed by our employee, just to provide you with as much information as possible.

For more certainty we recommend your own check or an assessment of an independent mechanic. We cannot provide you with any machine guarantee.
