Dvořákova 1001, 563 01
Lanškroun

Production Year: 2007

Max. Size/Width: 760x1020 mm (29.9"x40.2")

Counter: 11 mil. imps.

More Details:
paper weight: 115-450 g/m2 (now possible to laminate from 150 g/m2)

Availability: immediately

Sale Reason: purchase of a new machine

Condition of the Machine: functional, condition and wear and tear according to its age, well maintained dismantled in stock but can be installed if necessary

Found Damages: need to re-gum the rubber roller, paper 200gr and above can be laminated if the paper path is good (wide), otherwise the paper tends to fold (for lower weights). the heated roller is fully functional, repaired in a few places, when laminating with glossy foil, this repair is slightly visible on the paper, it can be polished and the problem can be eliminated.

Disclaimer: The Condition of the Machine assessment presented in this CV was either obtained from the

last machine operator or is based on an inspection performed by our employee, just to provide you with as much information as possible. For more certainty we recommend your own check or an assessment of an independent mechanic. We cannot provide you with any machine guarantee.
