

Curriculum Vitae of the machine Reference number: 22040

KOMORI ENTHRONO 429 Sheet-fed Offset Printing Machine

Manufacturer:	Komori Corporation, Tokyo, Japan
Production Year:	2013
Number of Colours:	4
Max. Size:	530x750 mm (20.9"x29.5") approx. B2
Max. Speed:	13000 imp./hour
Counter:	54 mil. imps.

More Details:
 Komorimatic alcohol dampening
 Technotrans alpha.d refrigeration device
 no perfecting
 low pile delivery
 ink and register remote control
 semi-automatic plate loading
 ink rollers, impression cylinders, blanket cylinders automatic wash up device
 AP 110 powder sprayer
 double-diameter impression and transfer cylinders
 CIP 3
 densitometer
 side lay remote control
 ionization in feeder
 ultrasonic and mechanical double sheet detection
 equipped for carton printing

Availability: immediately

Sale Reason: production reduction

Condition of the Machine: very good condition, well-maintained still in production

Disclaimer: The Condition of the Machine assessment presented in this CV was either obtained from the last machine operator or is based on an inspection performed by our employee, just to provide you with as much information as possible. For more certainty we recommend your own check or an assessment of an independent mechanic. We cannot provide you with any machine guarantee.

Advantages of the Machine: economical solution for quality printing in small and medium offset printers, small built-up area
