NILPETER FA 3300 S Flexographic Printing Machine

SPECIAL OFFER

	Manufacturer:	NILPETER A/S., Slagelse,	More Details:
		Denmark	8x UV with cooling cylinders
	Production Year:	2004	flexo printing
	Number of Colours:	8	UV flexo printing
	Web-width:	340 mm	screen printing
			corona device rotary die cutting
			BTS camera
	Availability:	immediately	printing and die cutting width 330 mm
			printing lengths:
	Sale Reason:	production reduction	flexo 190.5 - 381 mm
			rotary die cutting 190.5 - 381 mm
	Condition of the Machine:	very good condition, well	unwinding from one pneumatic shaft
رعو		maintained, worn out	shaft diameter 76.2 mm
		according to its age	automatic tensioning and web edge control and gluing table
		can be seen running	rotary die cutting with 3 die cutting positions and with a completed 2nd position
			with bridge double-sided bearing pressure
	Disclaimer:	The Condition of the	counterpressure and support roller
		Machine assessment	automatic register and (pre-setting) without die-cutting cylinder winding unit:
		presented in this CV was either obtained from the	standard shaft 76.2 mm
		last machine operator or	grid unwind
		is based on an	motor drive
		inspection performed by	basic control panel PMC (press management center)
		our employee, just to	drying:
		provide you with as	flexo - hot air
		much information as	UV flexo - UV drying
		possible.	printing unit equipped with inking unit, ink rollers, negative doctor blade system,
		For more certainty we	format blocks, counter-pressure roller, automatic register
		recommend your own	cylinders for the machine:
		check or an assessment	raster cylinders: 305/5 - 2x, 340/5.5 - 2x, 180/6.5 - 2x, 140/8.5 - 2x
		of an independent	complete die set - 1x die-cut magnets: 64z, 70z, 75z, 92z, 94z, 100z, 112z all 1x
		mechanic. We cannot	printing cylinders sets with toothing gears: $60z - 8x$, $64z - 7x$, $66z - 8x$, $68z - $
		provide you with any machine guarantee.	8x, $70z-8x$, $72z-8x$, $75z-8x$, $80z-8x$, $88z-8x$, $90z-8x$, $92z-8x$,
		maonine guarantee.	94z - 6x, $96z - 6x$, $98z - 6x$
			polymer bonding device – 1x
