

Curriculum Vitae of the machine Reference number: 23016

XEIKON 3300 A GM Digital Printing Machine

SPECIAL OFFER

Manufacturer:	Xeikon International BV Eede Netherlands
Production Year:	2012
Number of Colours:	5
Web-width:	330 mm
Availability:	immediately
Work Experiences:	self-adhesive labels, paper, BoPP, oPP and PP, vinyl, plastic film (combination of PE and PP), cardboard (up to a certain weight), transparent substrates

More Details:

5 colors: cmyk + white baked toner powder
roll width 330 mm
print width 307 mm
max. print width 312 mm
printing directly from the data
variable print length
optimized minimum 128 mm
maximum according to the cut 500 mm
maximum theoretical Unlimited
option to print Variable data
separate unwinder of input roll max width 500 mm, diameter 1240 mm
separate printed roll winder
print speed depending on the printed material
9.6 m/min up to a material weight of 350 g/m²
15 m/min to 300 g/m²
19.2 m/min to 250 g/m²

Sale Reason:	production reduction
---------------------	----------------------

	Condition of the Machine:	very good condition, well maintained, worn out according to its age can be seen running
---	----------------------------------	---
